LOCAL.

PROF. J. K. Rae's third and last entertainment, in Robertson's hall, on Thursday evening, was very largely attended and highly appreciated. It consisted in giving limelight views of places of interest in England, chiefly in London, and in Belfast, Dublin, Cork and Limerick, in Ireland. The views were interspersed by songs from Mr. Michael "When the tide comes in," by Mr. Raymer "The song that reached my heart," and an encore "Lullaby," and an instrumental duet, E. Raymer, piano, and J. Flynn, whistle. Miss Phillips accompanied the singers on the piano. A handsome sum was realized from the entertainments by the Ladies' Aid of the Presbyterian church.

The Regina Leader complains that faith is not being kept by the C. P. R. with Regina in the matter of the "Soo" road. Regina was at first promised a road from the southeast. As the "Soo" was coming from that direction they claimed it in fulfillment of the promise. They were put off by the assurance that the "Soo" was not the road they were promised, but another and distinct road, and that its construction to Pasqua would not prevent the first promise from being carried out in due time. The Leader finds that the route being followed by the Soo line is the one, to a great extent, that was to have been followed by the Regina road, and, still worse, it is not even called the "Soo" line, but "the Northwest extension of the Souris branch," the very description of the road promised Regina. It appears to be pretty plain that the C. P. R. is not minded to fulfill its promises to Regina, and the question is what is Regina going to do about it. There is only one thing it can do, and that is use the influence it possesses through its parliamentary representative and otherwise to secure the extension of the Northern Pacific from Brandon to Regina. There is a field to be served by such a road by way of Moose Mountain, and no doubt the Northern Pacific could and would build it if substantial inducements were offered. Toadyism is played out as a means of serving substantial purposes in this case, and the only thing left is for Regina to get up and buck. Talk no longer counts. They must act.

The Winnipeg Commercial cautions people against overestimating the Manitoba crop this season. It says: "The quality of the wheat crop is all around very good, and infinitely superior to that of last year. Altogether, the quantity and quality of the crop is such, that with fair prices ruling, this would prove a very profitable year for Manitoba farmers. The difficulty, however, comes in in the matter of prices. At present wheat values, there is not much in it for many of our farmers. It will take a big yield of wheat to leave much margin at present prices, and unless a change comes in wheat values, our farmers will not have much from their year's work." This is a plain direction to farmers not to depend entirely on wheat, in fact to adopt mixed farming, or in other words locate in the Edmonton country where the conditions for mixed farming are most favorable.

The death of Miss Olive Odell, of Austin street, Winnipeg, which was mentioned in the telegrams of last issue, was caused by a wound from a gun loaded with powder only. Deceased was found dead with a double barreled gun beside her in her father's wood shed, on Sunday morning. She had apparently committed suicide, but no cause could be assigned for such an act, and as little was there any probability of murder. The young woman was about 22 years of age, an active church worker and much respected.

EDMONTON BULLETIN, OCTOBER 10, 1892

MUNICIPAL AFFAIRS.

Of late the the BULLETIN has frequently been taken to task privately for not indulging more freely in criticisms of the management of the town affairs. And as the BULLETIN's course is a fair subject for criticism, a word or two on the point may not be out of place. Admitting that it is the duty of a newspaper to criticize all matters of public interest and admitting that the BULLETIN has not criticized municipal matters at all freely during the past nine or ten months of this town's incorporated existence, the excuses which it has to offer are these: 1st. That the council is composed of men of good business ability, of strict integrity and of large interests in the town, in fact, in the case of nearly all of them, everything they have is here and is worth something or nothing just as the town goes ahead or stands still, therefore it is fair to assume that the best interests of the town will be consulted by such a body of men. 2nd. That the members of the council are new at municipal government, and if they were not the conditions here are so strange that municipal experience would be of little avail to them, therefore they are entitled to be excused for a moderate amount of mistakes, if there have been such, at least in this the first year of the town's existence; 3rd. That the town has, during the past six months, passed through a serious crisis in its affairs, having suffered from a most serious attack upon its interests; and had this paper availed itself as freely as it might of its right or duty of criticism, those criticisms, however proper or well meant, would in all human probability have been used by outsiders as a means of injuring the place. During the whole of the past season the necessity of the people of Edmonton standing together as one man was made amply evident, and need not be further enlarged upon. 4th. That it is not altogether the duty, if it is the privilege, of the only newspaper in a town to constitute itself an opposition to the town council, and criticize adversely the putting in of each culvert, the extension of each foot of sidewalk, or the placing of each electric light, or other matter of detail, as long as they are within reason. That duty rests upon the private citizen whose interests or pocket are most directly affected. The members of the council and of the different committees are approachable at all times and it is the privilege and duty of the citizen to bring his case, objection or complaint personally before them individually or collectively, and then if they refuse him justice or even courtsey, he has the privilege of having the matter ventilated through the newspaper, besides the remedy which election day infallibly affords. The case of a municipality is different from that of a province or country. In the latter cases the newspaper is the only vehicle of criticism, but in the former the citizen who neglects to protect his own interests by the means at hand has no right to find fault with the paper for failing to do for him what he would or did not attempt to do for himself. More especially is this the case with the works that have been in progress throughout the town during the past season. These works

BY-LAW NO. 29.

A by-law to provide for borrowing the sum of \$10,000.00 upon the credit of the Municipality.

Whereas it is expedient that there should be raised by the Municipality of the town of Edmonton the sum of \$10,000.00 to enable the Municipality to repay certain amounts temporarily borrowed for the purchase of certain lands and fire apparatus required for the use of the Municipality and for other like purposes of permanent benefit to the Municipality, and also to enable the Municipality to borrow further sums which it is expedient to expend for the purpose of erecting a fire hall and for other like purposes of permanent benefit to the Municipality.

And whereas the value of the rateable property in the Municipality, according to the last revised assessment roll, is \$664,364.00.

And whereas the amount of the existing debt of the Municipality, other than for current expenses, is \$17,862.49 (incurred in respect of local and permanent improvements) and \$138.50 for interest thereon making together \$18,000.99 whereof no part is in arrear.

And whereas it is expedient to borrow the said sum of \$10,000.00 by the issue of debentures, the principal whereof shall be repayable within ten years from the date upon which this by-law shall take effect, and which shall bear interest in the meantime payable half yearly at the rate of six per cent per annum.

And whereas it is expedient to provide for the repayment of the said principal sum by the creation of an equal yearly sinking fund.

And whereas the total amount which will be required to be raised annually by a special rate for repaying the said debt of \$10,000.00 by means of a sinking fund as aforesaid, (and the interest thereon as aforesaid) is \$1,395.04.

And whereas the annual special rate on the dollar required as being sufficient to pay the said interest and to create the said equal yearly sinking fund for the paying of the principal is two mills and one-tenth of a mill.

Therefore the Mayor and Council of the Municipality of the town of Edmonton in council assembled enact as follows:—

1. This by-law is to take effect on the 1st day of December, 1892.

2. The Mayor and Clerk of the Municipality may borrow on the credit of the Municipality the said sum of \$10,000.00, and may issue debentures of the Municipality to that amount in sums of not less than \$500.00 each and repayable within 10 years from the said 1st day of December, 1892, with interest at the rate of six per centum per annum payable half yearly; such debentures to be payable at the Imperial Bank of Canada, Edmonton, Alberta, N. W.T., and to have attached to them coupons for the payment of interest.

3. For the purpose of paying the amount which shall be required to be raised annually for paying the said interest and creating an equal yearly sinking fund to be set apart for the payment of the said principal sum of \$10,000.00 a special rate of two mills and one-tenth of a mill on the dollar, over and above all other rates and taxes, shall be levied (in the same manner and at the same times as the general Municipal taxes upon the whole rateable property in the Municipality in each year for the period of ten years from the said 1st day of December, 1892, being the period during which the said debentures will run.

4. Monday the 17th day of October, 1892, between the hours of nine o'clock in the forenoon and five o'clock in the afternoon at the office of the town clerk, Edmonton, is hereby fixed as the day and hour and place for taking votes of the electors for and against this proposed by-law.

5. A. G. Randall is hereby appointed Returning Officer and J. R. Michael Deputy Returning Officer to take the votes at the said time and place.

6. Monday, the 17th day of October, 1892, at the hour of six o'clock in the afternoon at the town Clerk's office, Edmonton, is hereby fixed as the time and place when and where the Returning Officer shall sum up the number of votes given for and against this proposed by-law.

Provisionally adopted in Council this 16th day of September, 1892.

PUBLIC NOTICE is hereby given that the foregoing is a true copy of a proposed by-law which will be taken into consideration after one month from this 19th day of September, 1892, being the date of the first publication thereof in the "Edmonton BULLETIN," a Public Newspaper published within the Municipality, and that the votes of the Electors of the Municipality will be taken thereon at the town clerk's office, Edmonton, on the 17th day of October, 1892 from the hour of 9 o'clock in the forenoon to 5 o'clock in the afternoon, and the polls will then and there be held for that purpose.

were undertaken on petition of the residents and property holders chiefly interested on the understanding that they and not the town would pay for them. In such cases interference by the newspaper unless specially requested would be liable to be resented by both parties.

But while matters of detail may be left to the private citizen there are matters of larger importance and of more vital interest which the paper must not be backward about expressing an opinion upon. While it is the business of the individual citizen to see that value is received for all money expended, and that expenditure is made to the best advantage, it is the duty of the paper as representing the citizens collectively to discuss the objects upon which money should be spent and the amount which it would be proper to tax the town or pledge its credit for, to secure such objects. On these points if the BULLETIN has not been clear in the past it desires to make itself clear now. However necessary local improvements, fire protection, public buildings, waterworks, drainage or other matters may be to the town, the first necessity to its permanent and substantial progress is improved railway facilities by means of a bridge across the Saskatchewan, and the extension of the railway track either to or across that bridge. To secure this it may be necessary to pledge the town's credit to the utmost limit, and if it cannot be secured on better terms the BULLETIN has no hesitation in saying that we should go to that limit. It is the business of every citizen to work to secure this bridge and railway extension at as early a date and on the most favorable terms possible, and it is particularly the duty of our citizens themselves to preserve the credit of their town to its last dollar, to assist, if necessary, in their attainment. There has been a most liberal expenditure of money this year—certainly necessary to a great extent—and for the bulk of which the property improved will have to pay by frontage tax; but besides this the expenditure on general town account has been, to put it mildly, liberal; more liberal than it can be next year, unless our credit is treasured upon so seriously as to render it practically useless for any important purpose, such as waterworks, sewerage or fire protection, even besides the bridge and railway extension spoken of. Let those who have felt that the BULLETIN has not been availing itself duly of its privileges of criticism in the past see that on Monday next they discharge their duty not by sitting at home and grumbling against extravagance, but by turning out and casting their votes on the side of economy, and to keep the credit of their town and the full amount of their taxes safe and solid for future use. To fail to vote against the \$10,000 by-law on Monday next is to practically throw away what appears to be our only chance for a bridge and railway extension and puts waterworks, sewerage and adequate fire protection out of sight for years.

GENERAL NEWS.

Bengough is to contribute cartoons to the Montreal Star.

Hanlan and O'Connor will row Gaudaur and Hosmer at Orillia on October 15th.

The Calgary small-pox accounts as presented amounted to \$6,000. They have been paid by the Northwest government with a cheque of \$4,988.

The vote for and against prohibition in Manitoba stands for prohibition 19,637, against prohibition 7,115. Four constituencies have not yet been counted.

Herald, Calgary: "We understand that Mr. Jas. Reilly has been appointed by the Northwest government to make a collection of Alberta exhibits for the World's Fair at Chicago."

The minister of interior has been notified that small-pox has broken out among the Indians on the Songhish reserve, near Victoria, B. C. Effective measures for the prompt extinction of the disease have been taken.

A section man named Moody was killed in Medicine Hat on Tuesday night, September 27th, by being run over by a train while he was intoxicated. Nothing was known of the accident until his mangled remains were seen by some children on their way to school on Wednesday morning.

Superintendent Whyte told the Winnipeg papers that a service of two trains a week would shortly be given over the Macleod branch of the C. & E. railway. He also said that the work in the Crow's Nest Pass was not with a view to establishing a new main line, but merely to develop the Kootenay district of British Columbia.

The Moose Jaw Times of October 7th has an able review of the Northwest government situation. The Times says: "We will endeavor to prove: (1st) that the reasons were not sufficient for the overthrow of an executive; (2nd) that speaker Ross was justified in the step he took; (3rd) that Mr. Cayley's action in retaining office was and is unmanly and unstatesmanlike, and (4th) that his honor the lieutenant-governor, in proroguing the House, stands revealed as an active and unscrupulous partizan, whose demeanor throughout the crisis was unintelligible, except on the hypothesis that his determination was to play into the hands of the Cayley party." And follows with ample proof. The conclusion of the Times is either that the partizan lieutenant-governor should be replaced or that the house should be dissolved.

But as regards any of the above lines I intend to excel for this season any way, and a comparison of goods and prices will certainly convince the most skeptical that there has been a revolution in prices.

LOCAL.

THE money for the Indian treaty payments arrived on Monday. On Tuesday Inspector Piercy left to attend the payments at Stony Plain, Lake St. Ann and Riviere Qui Barre. Inspector Chalmers left for the east to attend the treaty payments at Saddle lake and Lac la Biche.

A VERY handsome gold watch and chain was presented to A. D. Braithwaite, manager of the Bank of Montreal, in Calgary, by a number of his friends on the occasion of his leaving that place for Hamilton, Ont. Mr. A. D. Braithwaite is a brother of Dr. Braithwaite, of Edmonton.

A. G. THORBURN, of Broadview, Assiniboia, has been appointed secretary in connection with the Northwest exhibit at the Chicago fair. Mr. Thorburn is a most thorough and painstaking official. He has asked for an exhibit of coal and crude petroleum from Edmonton, which will be furnished.

THE Michigan delegates, on their return to Calgary, presented the agent, who accompanied them, A. R. Code, with a very complimentary address thanking him for his attention and praising the country in the highest terms. Most of them had entered for land and would return in the spring.

H. McRAE returned from a mining visit to Peace river on Thursday last. He left Edmonton in July for Peace river, accompanied by Mike Rowe and W. Magee. He did not find Peace river to his liking and returned. Messrs. Rowe and Magee will remain and mine this season. Mr. McRae saw as fine crops in Peace river as he ever saw anywhere. Barley was being cut on July 23th.

THE Free Press of October 4th mentions the death, at Boissevain, Manitoba, of Mrs. Long, wife of Rev. Geo. H. Long, at one time Methodist minister at Edmonton. Death was caused by typhoid pneumonia. Deceased was a sister of Rev. P. W. McHaffie, of Fisher's river, Manitoba. She leaves several small children. Mr. Long has the sympathy of his many friends in Edmonton in his bereavement.

EDMONTON exhibition on Thursday and Friday next. It is to everyone's interest to make this the best show ever held in Edmonton. Farmers, bring your good horses, cattle, sheep, pigs, poultry, grain, vegetables and roots, and show what this country is good for. Bring your wives and families and let them see how many other people there are in the country and what they are like. A day or two days' outing will do everyone good.

FREE PRESS: "W. G. Bragg, of Pullman, Washington, who went to the Edmonton district a few days ago to select land for farmers he represents, returned Friday and has made the first payment on 4,000 acres to the C. P. R. land department. The most of the land was in the Wetaskawin district and is well wooded and watered. As soon as Mr. Bragg returns to Pullman, and makes his report, those for whom the farms were selected will leave for this country."

T. H. BRADSHAW, a former resident of Edmonton and an ex-policeman, was brought in a prisoner on Monday's train, charged with bigamy. In 1882, Bradshaw, while residing in this district, married Annie, daughter of Wm. Mavor, South Edmonton. In 1887 he left for the south and did not return. He is now charged, at the instance of his wife's family, with having in July last, at Anthracite, married Miss Margaret Jane Pickering. The case will be tried at the court which opens to-day.

A MEETING of the football club was held on Tuesday evening last, when the following officers were elected: President, W. S. Edmiston; committee, R. Hardisty, J. F. Adamson, Rev. C. Cunningham, J. C. C. Breuner, Insp. Chalmers; secretary-treasurer, Campbell Young. The membership fee was fixed at \$1. A challenge was sent to Calgary to play at Edmonton on the 18th, which may be accepted. Members of the club are specially requested to turn out and practice in the hope that the footballers may give a better account of themselves than did the base ball and cricket teams, in their recent play against Calgary. There was a successful practice on Saturday afternoon.

THE illustrated supplement of the Toronto Mail for October 1st, has nearly two pages devoted to Edmonton. There are views of Edmonton from the lower ferry, a farm scene near Edmonton, Edmonton from the "Cliffe," Queen's Hotel, Jasper House, Larue & Picard's store, Gallagher's meat store and Thomson's drug store. There are also photo engravings of C. F. Strang, D. R. Fraser, J. Cameron and P. Daly, of the town council, A. Prince, barrister and M. L. A., S. S. Taylor, barrister, N. D. Beck, crown prosecutor, H. L. McInnis, M. D., J. D. Harrison, M. D., and H. H. Goodwin, L. D. S., of professional men. Jas. McDonald and P. Heiminck, real estate dealers. The general descriptive matter is very good, but rather mixed in places, and the greater part is devoted to personal and business notices. The plates are all good and some of them very good and well up to the mail's usual standard of excellence. The expense of this advertisement to the town is \$100.
